SHIP TO YOU C.O.D.

WE GROW AND SHIP APPROXIMATELY 2,000,000 (Two Million) PLANTS EACH YEAR, TO STATES IN THE UNITED STATES . . . TO CANADA AND SOUTH AMERICA. . . . WHY?—BECAUSE:

1. We ship high-quality, inspected plants;
2. Our extremely low prices;
3. WE GUARANTEE SATISFACTION . . OR YOUR MONEY BACK.

HOW TO ORDER . . . SHIPPING DATES . . . STOCK SHIPPED

HOW TO ORDER: Make up the list of stock of what plants you want, and write it on the order blank on page 3 in this catalog. WE PAY ALL THE POSTAGE and ship to you C. O. D., if you like. Should you not want it shipped C. O. D., then mail us your personal check, money order or cashier's check. Be sure to give us sizes wanted and shipping date.

SHIPPING SEASON: We ship stock the year round to all parts of the United States. However, we cannot make shipment of FRUIT STOCK before NOVEMBER 10. Any other plants in this catalog can be shipped at any time you want them.

STOCK SHIPPED: All the plants we ship are freshly dug from the nursery rows, which insures you fine, healthy, vigorous plants that are sure to grow. We ship in sphagnum moss which insures no drying out.

GUARANTY: We guarantee all nursery stock true to name, and as advertised, and will replace, on proper proof, all that proves otherwise, or refund purchase price, reserving the right to do either, but we do not give any warranty, express or implied, and it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the purchase price.

STATE INSPECTED PLANTS: Our entire nurseries, greenhouses and lath houses are inspected each year by representatives from the STATE DEPARTMENT OF AGRICULTURE OF TEXAS, so you can readily see that you get only disease free plants that are well grown.

OUTDOOR BEDDING PLANTS

For Your Outdoor Flower Beds, Pots or
Box Culture

Your outdoor beds are incomplete without these seasonal plants. Easy to grow, all very hardy varieties. Their foliage being very brightly colored, their blooms of many shades and types, hold the admiration of all who see them.

All stock listed on these two pages are grown in POTS, and are not pulled from seed beds. They are easy to transplant to your outdoor beds with very little loss. All are guaranteed to reach you in good condition.

SATISFACTION GUARANTEED OR YOUR MONEY REFUNDED

VERBENA

Every garden should have an abundance of these beautifully colored plants. Leaves a bright green, covered with gorgeous little flowers in different shades. Very hardy, stands extremely cold weather, blooming through early summer until late fall.

COLORS—Red, Cerise Scarlet.

PRICE—Strong Pot Plants, each 08c

STOCKS

Stocks are the first to bloom in early spring. Standing almost zero weather, they are one of the most successful annual plants for outdoor culture.

COLORS — Yellow, Rose, Lavender.

PRICE—Strong Pot Plants 08c

PETUNIAS

The Petunia is extremely hardy, of a dwarf growing nature, and has no equal for producing beautiful blooms throughout the entire growing season.

COLORS—Red, Rose, Scarlet.

PRICE—Strong Pot Plants 08c

SNAKE PLANT

A rare plant. Grows well in beds. Plant has long sword-like stalks, colored green with white dots, closely resembling a snake's back, hence the name Snake's Plant.

Price on Strong Plants, each 20c

GERANIUMS

Geraniums need no description, as we all know their great qualities, both for hardiness and beauty. Our Geraniums are all strong, pot-grown plants that will please the most exacting. Be sure to add this plant to your flower boxes this summer. Can furnish GERANIUMS in White, Salmon, Red, Pink.

SURROUND YOURSELF WITH BEAUTY AND GOOD CHEER

ROSES, like music, have a universal charm. There is nothing more beautiful. In every stage of human existence, from the cradle to the grave, the rose is the emblem of Divine creation—of sympathy, of joy, of hope and of affection. Time was when only the favored few could have them in their own yards and gardens. We sell them at a price where everyone can have them. We have sold millions of them, and they are growing everywhere today, in every State in the Union, South America and Canada as well. We are proud to have contributed very materially in beautifying the homes of America with roses. Roses are not a burden. They are the greatest of all comforts in life. Grown as we grow them, most anyone can succeed, and nearly everyone does succeed in growing them to perfection year after year. The important part of rose growing is, first, insist on budded roses, they bloom more profusely. Secondly, plant them in any good soil, and you will have magnificent results.

Years of experience in growing and perfecting these famous budded roses; capable, skillful and expert associates; conscientious, old-fashioned honesty; and a jealous care of an honorable reputation for fair dealing have brought to us the patronage of an army of satisfied customers the world over, of which we are justly proud. You will find a description of each variety on the following pages. May we have the pleasure of serving you this season and in the years to come.

GOOD ARRIVAL GUARANTEED

CLIMBING ROSES

2-YEAR FIELD GROWN STOCK

Hardy as Oaks ..

19c each, Postpaid

Hardy everywhere without protection, requiring little or no attention, blooming gorgeously in early summer and throughout the season, nothing has more charm than the CLIMBING ROSE. Once planted, lasts a lifetime. For climbing over porches, garages, trellis, embankments, cemetery planting, screening unsightly places or as single specimens they have no equals. Free from insects, hardy as oaks, low in price, almost lasting a lifetime. Nothing has more charm, more beauty than a trellis of gorgeously-colored climbing roses. They will always hold the admiration of all who see them. You will find varieties and colors listed on the next page.

HEDGE PLANTS

If your fences and dividing lines are made of hedge, rather than some unsightly wood and iron, they immediately become a thing of beauty, and the upkeep is materially reduced. Once established, your living hedge will last almost a lifetime. All hedge plants can be sheared to any type you desire with very little trouble. We list below the most popular ones.

ARMOR RIVER PRIVET: The most widely planted hedge in the South. Does well in all kinds of soil. Quick grower, easily sheared. A wonderful plant for screening unsightly places.

CALIFORNIA PRIVET: Upright grower, leaves of light green, grows fast, however, not nearly so hardy as the Armor River.

There's a window in my home—
Looking out across the Landscape;
Yes, it's charming—comfort to the eyes,
LOOKING AT MY ARISTOCRATS—

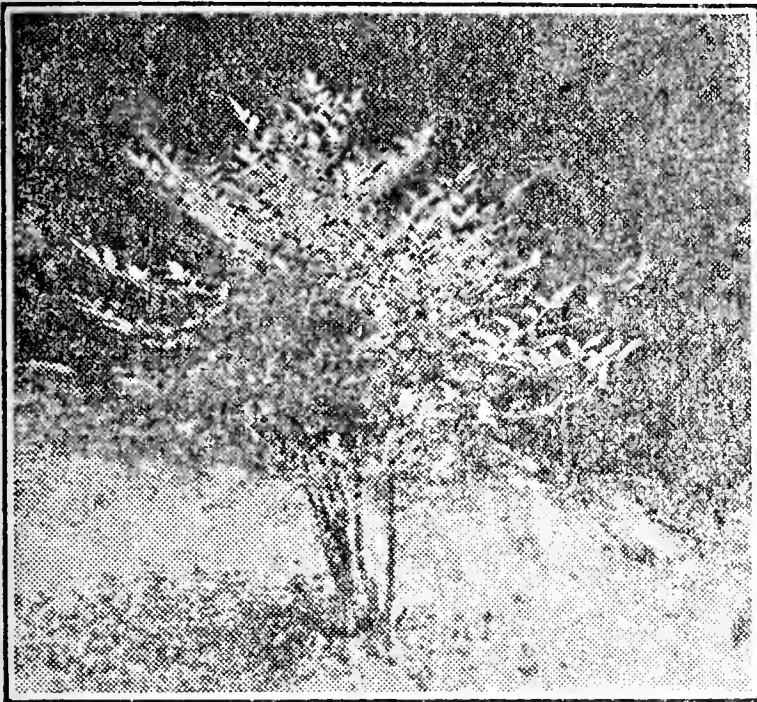

The EVERGREENS

They are gorgeous, with their green foliage of every possible shade and hue, which is especially pleasing during the winter months when everything else is bleak and dreary. The many types and forms make it possible to secure varieties appropriate for any planting. Everywhere they add a cheering note to the landscape; no home grounds are complete without some quiet place outlined with our beautiful evergreens. Why not make you a quiet little garden, where you can go for quiet rest and recreation? In the fast pace of modern life a place of this kind is not only a beautiful addition to your home planting, but will pay for itself in dollars and cents by the rest and relaxation that it will give you. The next few pages will guide you as to your selection of what plants you will need, and at prices anyone can afford.

GOOD ARRIVAL GUARANTEED

NANDINA

The Nandina is one of the most colorful of all broadleaf Evergreens, both in winter and summer. The delicate foliage is a brilliant dash of orange red, or crimson color, in the winter months, retaining this color throughout the season. During the summer its foliage is a brilliant green, covered with white blooms. The leaves are rich red when young—dark green at maturity. Nandina thrives well in any well-drained soil and is extremely hardy. During the entire fall and winter season the plant is covered

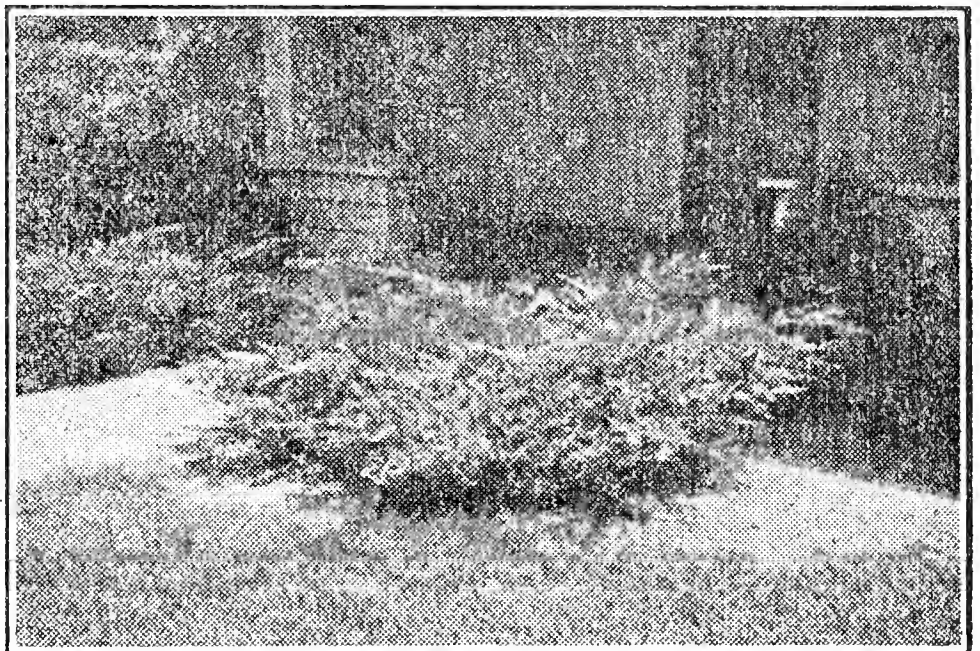

with small, brilliant red berries. When planning a landscape, be sure to add this to your order, as nothing will add so much charm to the landscape as the Nandina.

Prices on NANDINA:

Small size	29c
Medium size	39c
Large size	59c

PFITZER'S JUNIPER

The Pfitzer Juniper is the most handsome of the Chinese Juniper varieties, also the most satisfactory for Southern plantings. Unusually beautiful in its distinctive grayish green color with its long, wide-spreading and prostrate branches; its main purpose, in the landscape, is to plant at doors, in the corners, or in groups. For the terrace planting, about foundations, and as specimens it has no equal. Exceptionally hardy, and a very fast grower.

in the landscape, is to plant at doors, in the corners, or in groups. For the terrace planting, about foundations, and as specimens it has no equal. Exceptionally hardy, and a very fast grower.

BAKER'S ARBORVITAE

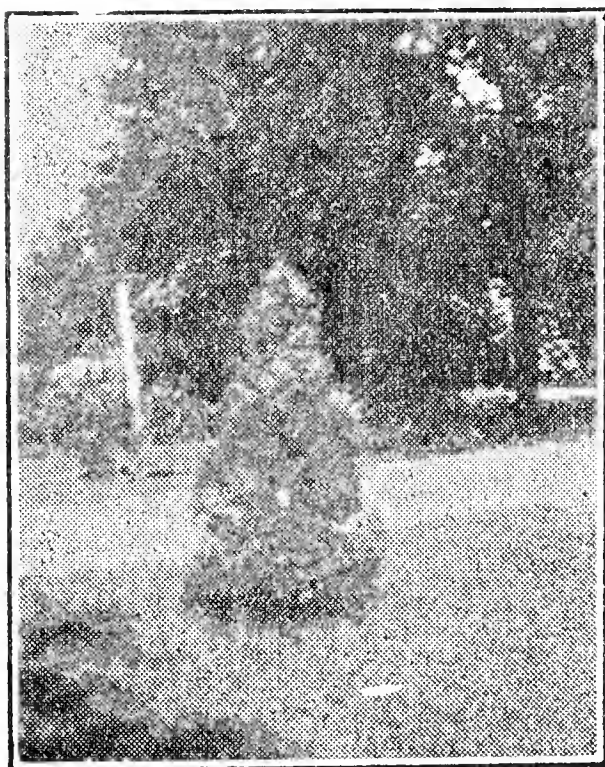

The Baker is a fine, pyramidal type which is unexcelled for its tall, columnar growth, filling a space in ornamental planting, for which there has been a great need. Of upright, narrow, columnar habit, with dense foliage. Bright shining green at all times of the year. A valuable and effective tall-growing evergreen for formal effect.

Prices on PFITZER JUNIPERS:

Nice Strong Plant.....	39c

PRICES ON BAKER ARBORVITAE: 2-foot size.....59c each

WE PAY THE POSTAGE

ARIZONA CYPRESS

It is impossible to describe the beauty and utility of this beautiful evergreen. Beyond a doubt, it is the most admired plant grown in the nursery. Tall, pyramidal in form, blueish green in color, it has no equal. The Arizona Cypress stands drought well and requires little or no attention. It can be planted as a single specimen or in your background work to screen unsightly places. Be sure to add this plant to your order.

PRICES ON ARIZONA CYPRESS:

10 to 12-inch.....29c

12 to 18-inch.....49c

18 to 24-inch.....69c

ITALIAN CYPRESS

In this group, the Italian Cypress stands at the head of its class in regard to hardiness, vigorous growth, and its suitability for any place it is called to adorn. It is marvelous what effect can be produced with the graceful Italian Cypress. One placed here, and another there, and the entire aspect of the home is changed. The plant is erect and slender, formal and columnar in form. Very compact, deep green foliage. When matured, this plant reaches a height of 10 to 15 feet, but is never over one and one-half feet in diameter. Popular for cemetery planting as well as home landscaping.

PRICES ON ITALIAN CYPRESS:

10 to 12-inch.....29c

12 to 15-inch.....39c

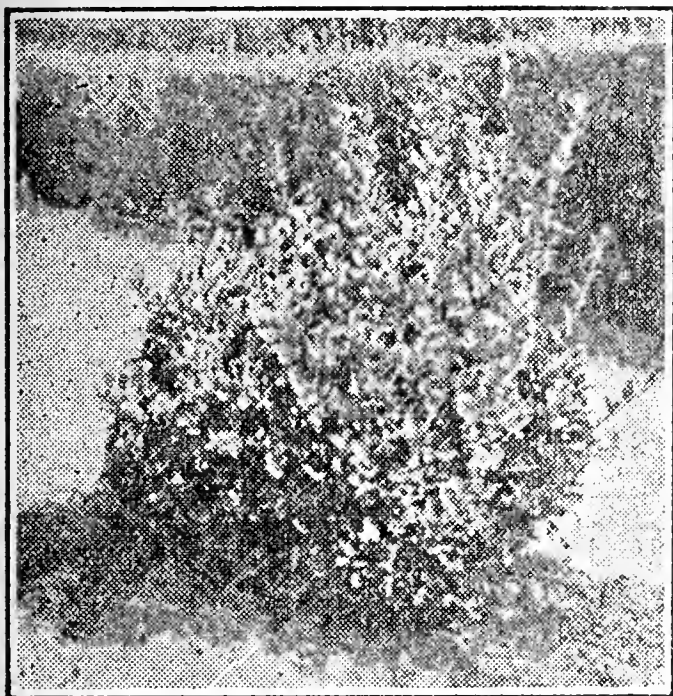

15 to 18-inch.....49c

ZEBRA GRASS

The most beautiful of all ornamental grasses. Fast grower, reaches height of about 2 feet. The blades are light green with pure white center stripe; hence, the name zebra.

Price of nice strong clump.....10c

GOOD ARRIVAL GUARANTEED

EUONYMOUS JAPONICA (Not Sheared)

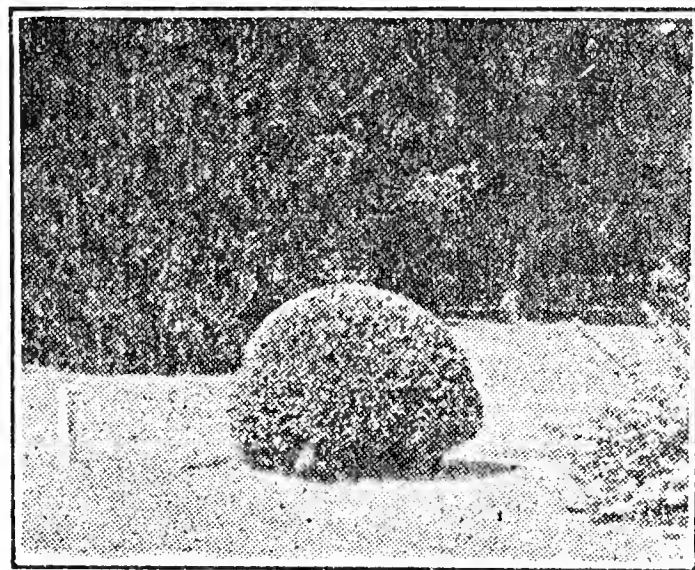

in the landscape. They may be left untrimmed to grow into large plants that will cover unsightly places, or you can shear them into any shape desired, such as globe or round shapes, pyramidal or box type. Being very hardy and fast growers, they are easy to transplant and will do well in most any kind of soil. They are the most widely planted evergreen in the Southern States. Be sure to add this plant to your landscape, as nothing will add so much charm and beauty.

EVERGREENS — (Continued)

BERKMAN GOLDEN ARBORVITAE: Compact and bushy plant. Reaches a height of about 3½ feet at maturity. Its light, golden green color is very attractive. Used extensively in all plantings.

PRICES: 2-foot size plant.....69c each, postpaid

BONITA (GLOBE ARBORVITAE): Small, dwarf growing arborvitae, globe-shaped. Used mostly for plantings in tubs, urns, at doors, or in front of larger plants. They make splendid single specimens.

PRICES: Large-size plant.....59c each, postpaid

LARGE LEAF JAPANESE PRIVET: A very hardy type evergreen with large green leaves. Quick grower, tall, with long branches. Can be sheared, or grown tall to hide unsightly places.

PRICES: 12-in. plant, 19c; 2-ft. plant, 28c; 3-ft. plant, 38c, postpaid.

YELLOW JASMINE: One of the most popular of all broadleaf evergreens. All its branches are beautifully arched, overhanging to the ground from the outer to inner edges of the plant. Its dark green leaves and gorgeously colored little yellow blooms make the plant one of the most attractive in the nursery. Very hardy, fast grower. Use it in your front beds or as a single specimen, as it is attractive any place it is called to adorn.

PRICES: Large 2 to 3-ft. spread plant.....50c each, postpaid

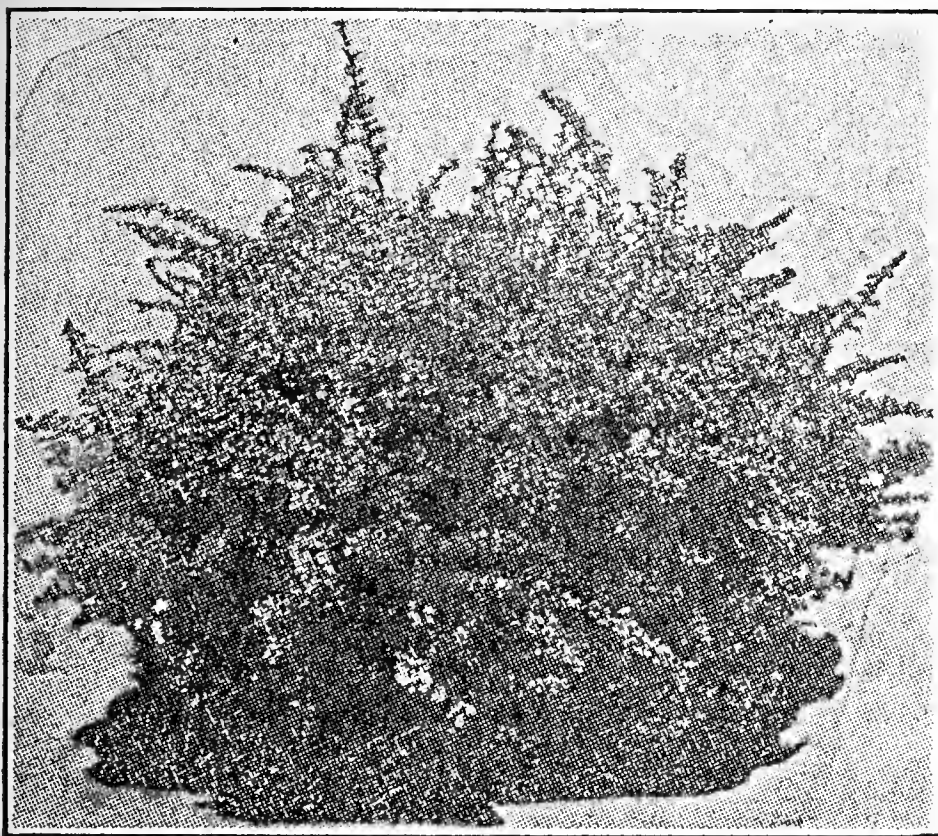

SCARLET LEAFED PHOTINA: Upright grower, glossy green leaves in spring and summer, turning to a reddish scarlet during the winter months. One of the most attractive of all the evergreens.

Prices: Small plant, 12 to 15-inch plant.....\$1.00 each

ROSEDALE ARBORVITAE: Round, compact, gorgeous, bluish green in color. One of the most beautiful of all arborvitaes. Fast grower. Very hardy.

PRICES: Large size plant.....59c each, postpaid

GOOD ARRIVAL GUARANTEED

ABELIA

One of our most beautiful, popular, and satisfactory broadleaf evergreens.

The long, drooping branches give the plant a most pleasing appearance. The foliage is a dark green, glossy color. In the spring, summer and fall the plant is simply covered with long, bell-shaped, white and pink blooms, growing in large clusters. In the fall and winter the leaves turn to a metallic bronze color. Truly, this is one of

the outstanding plants grown in the nursery. May be used in any place in your landscape, as well as to be planted in single style, as nothing produces such effect as this plant.

PRICES on 2 to 3-ft. plants.....25c each, postpaid

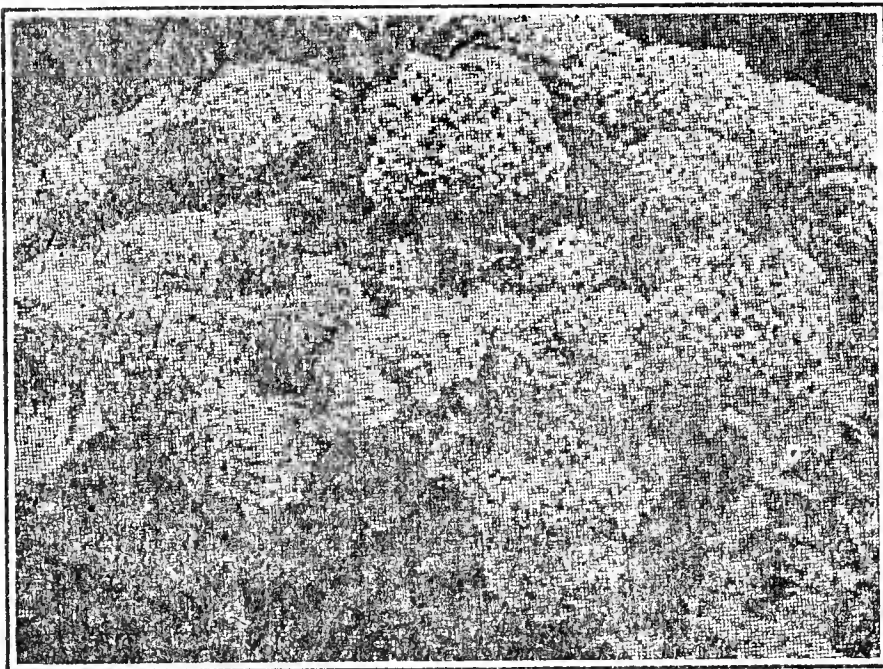

SMALL-POT SIZE EVERGREENS

A great many of our customers have bought small, pot-size Evergreens in the past few years. Lots of people like to buy small plants and watch them grow. For this reason we list what stock we have to offer in this line of small plants. These, of course, are just as hardy as the larger ones. However, it will take more attention to develop specimen plants than it will the larger sizes.

BUTTERLY BUSH

HYDRANGEA (Hills of Snow)

The new everblooming Hydrangea is, as its name implies, constantly in bloom from early June until frost, and is one of the most important additions, in the way of a hardy shrub, ever introduced. All summer long it bears great clusters of white flowers. A truly beautiful plant.

PRICE on STRONG 2-YEAR Size, 35c ea., postpaid.

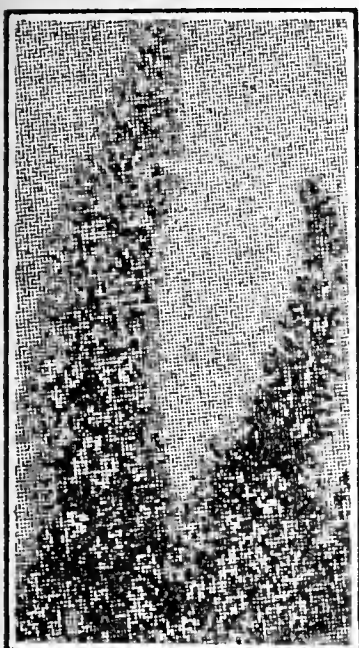

HILLS OF SNOW

LILACS

The famous, old-fashioned, purple variety. Strong, vigorous, upright growth. Rich, dark green foliage and large panicles of fragrant, purple flowers. Never plant shrubs without including this beautiful plant.

PRICE on STRONG 2-YEAR Plant, 28c each, postpaid.

GOOD ARRIVAL GUARANTEED

SPIREA BILLARDI

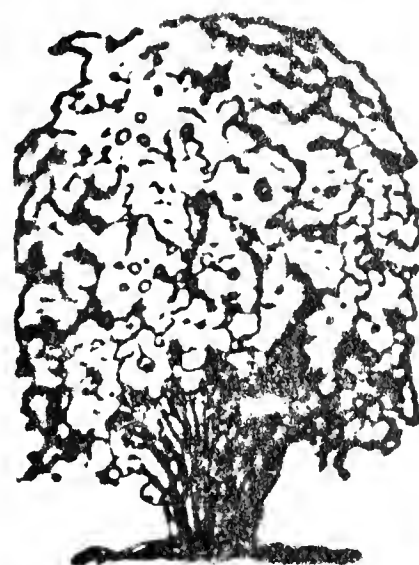

SPIREA BILLARDI: A low-growing, graceful, flowering shrub. Blooms on long spikes, or stems, with gorgeous lavender flowers. Fast grower, reaches about 3 feet.

Price: 2 to 3 ft. 19c

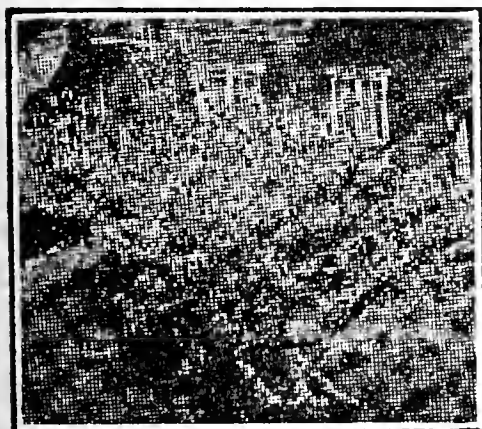

3 to 4 ft. 30c

Postpaid

SPIREA VAN HOUTTE: One of the most beautiful of all the Spirea family. In early spring the plant is covered with small, dainty white flowers. It looks like a white snow bank. It has a splendid form, with its long draping branches of light green. Can be used for screening or background work. **PRICES:** 2 to 3 ft. plant, 19c; 3 to 4 ft. plant, 30c, postpaid.

WEGALIA: Tall growing; deep pink, trumpet shaped flowers, borne thickly along stems. They bloom in great abundance throughout the summer. **PRICES:** 2 to 3 ft., 19c; 3 to 4 ft., 30c, postpaid.

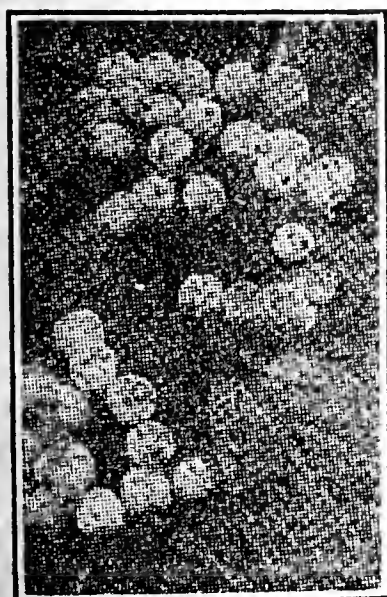

FORSYTHIA

FORSYTHIA: Commonly called Golden Bell. Erect growing. Tall and slender, especially desirable for tall background. Lovely golden yellow flowers in early spring. One of the first to bloom. **PRICES:** 2 to 3 ft., 19c; 3 to 4 ft., 30c.

WEGALIA

SNOWBERRY BUSH: A desirable shrub with small pink flowers followed by large, waxy white berries, which hang on the plant throughout the winter months. It makes a pleasing appearance both in winter and summer. It is very showy and succeeds everywhere. **PRICES:** 15 in. to 2 ft. plant, 19c; 3 to 4 ft., 30c, postpaid.

SNOWBERRY

ALTHEA (Rose of Sharon): Tall growing, bush form plant. Has a great abundance of white, purple, and variegated flowers. Extremely hardy and easy to transplant. Blooms all summer, but mostly from July until September after most plants are through.

PRICES: 2 to 3 ft., 19c; 3 to 4 ft., 30c; 4 to 5 ft., 45c, postpaid.

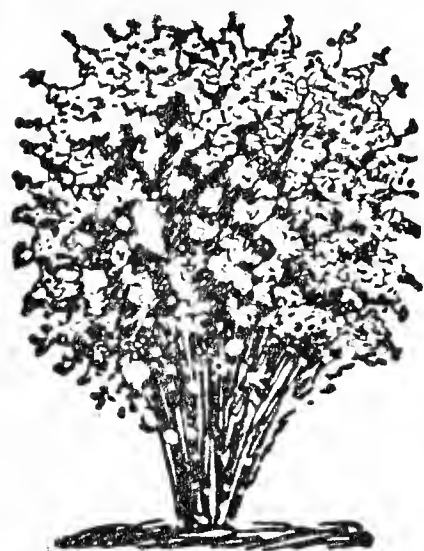

SILKY DOGWOOD: Low growing type of dogwood. Fine for use in hedge work. Foliage a beautiful light green, with frilled leaves.

PRICE: 18 inch, 19c; 2 ft., 30c, postpaid.

FLOWERING SHRUBS—(Continued)

TAMARIX: This is one of the very best of all flowering shrubs. Commonly called Salt Cedar. The foliage is like that of a fern, being very fine. Blooms are of orchid color with a large abundance of them. Fine for screening unsightly places. **PRICES:** On 2 to 3-ft. size, 19c; 3 to 4-ft. size, 30c; 4 to 5-ft. size, 39c, postpaid.

MOCK ORANGE: Of upright growth, reaching a height of about 5 feet. Very small, dainty leaves of dark green color. The flowers are highly scented; color a beautiful white. **PRICES:** 2 to 3 foot plant, 19c; 3 to 4 ft., 30c., postpaid.

WHITE FLOWERING DOGWOOD: Tree form, blooms a solid mass of beautiful white blooms in early spring. A very attractive and showy plant. Leaves of dark green. This plant is very hardy. **PRICES:** 2 to 3 ft. size, 19c; 3 to 4 ft., 30c; postpaid.

CALYCANTHUS: Commonly called Sweet Shrub. Plant is an upright grower with large leaves that are highly scented. Blooms on long canes of lovely light shade of red. **PRICES:** 2 to 3 ft. plant, 19c; 3 to 4 ft., 30c, postpaid.

DEUTZIA (The Pride of Rochester): Large, double white flowers with a shading of rose. One of the first plants to bloom in early spring. Very hardy, attractive, and does well in any soil. **PRICES:** 2 to 3 ft. plant, 19c; 3 to 4 ft., 30c; postpaid.

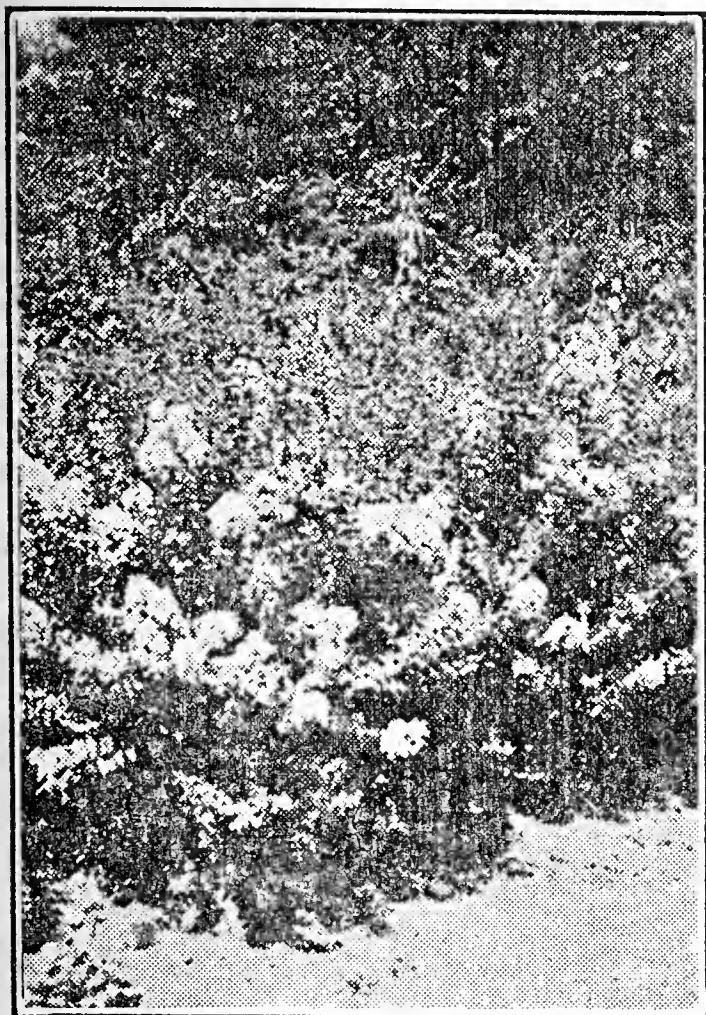

BUSH HONEYSUCKLE: Like the famous vine, hardy, but this grows in bush form. A lovely plant of upright growing habit, ranging in size from 3 to 5 feet. Small, dainty little leaves with an abundance of small flowers make it one of the most loved plants grown in the nursery. We can furnish in either PINK or WHITE colors. **PRICES:** 2 to 3 ft. plant, 19c; 3 to 4 ft. plant, 30c, postpaid.

AMERICAN RED BUD: This plant needs no description as you all know its lovely form, its beautiful pink and rose colored flowers, and its use as a background or single specimen plant. The tree is exceptionally hardy, a very fast grower, and exquisite in every respect. **PRICES:** 2 to 3 ft. plant, 19c; 3 to 4 ft. plant, 30c; 4 to 5 ft. plant, 39c, postpaid.

SPIREA THUNBERGII: Upright grower, branches of long spreading habit, foliage of light green—somewhat similar to a fern—blooms of white and pink. One of the first to bloom in early spring. **PRICES:** 2 to 3 ft., 19c; 3 to 4 ft. 30c.

GOOD ARRIVAL GUARANTEED

CRAPE MYRTLE

"The Glory of the South"

Red, Pink or Purple Colors

During the hot summer days of July, August, September, the interior of the South is a little devoid of color yet, not is the case where crape myrtle is planted, for it is a mass of gorgeously colored flowers in the worst months. Truly, no plant grows that is so exquisitely beautiful as the crape myrtle. PRICES: 2 to 3-foot plants, 25c; 3 to 4-foot plants, 35c, postpaid.

RED OSIER DOGWOOD: A plant that needs no description, as most all of you know its great qualities. In the summer the plant is covered very thickly with

the most beautiful shade of green you have ever seen. In the winter the bark on the branches turns a brilliant shade of red and holds its marvelous color throughout the entire winter season. Very hardy, a fast grower, of upright growth. PRICES: 2 to 3-foot plant, 19c; 3 to 4-foot plant, 30c, postpaid.

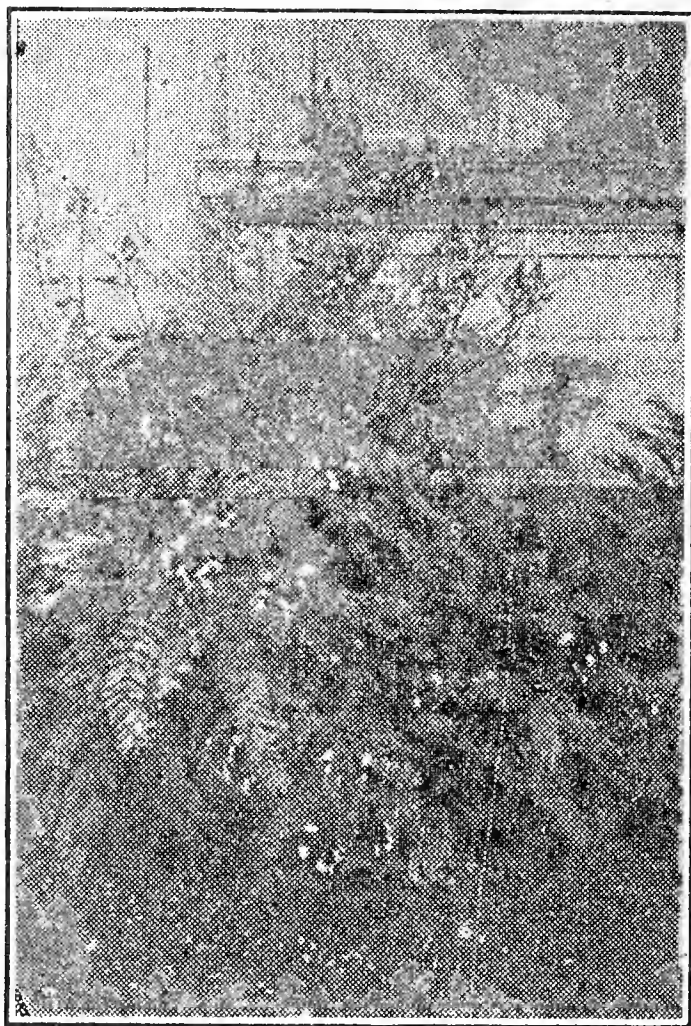

ALTHEA BEU DE FEU (Double Red): Tall growing, bush form plant. Has a great abundance of large, very double, dark red flowers. Extremely hardy and easy to transplant. Blooms exceptionally well in July, August and September. PRICES: 2 to 3-foot, 19c; 3 to 4-foot, 30c, postpaid.

ALTHEA JEANNE D'ARC (White Althea): Same description as the red althea only the blooms are large single white, with a carmine center. PRICES: 2 to 3-foot plant, 19c; 3 to 4-foot plant, 30c, postpaid.

FLOWERING PEACH: A large type of flowering tree with the same foliage of the fruit tree. Grows much larger. The most beautiful tree you can imagine when in bloom in early spring, with its large double flowers. It is a solid mass of bloom, so much so, you can hardly see the tree itself. PRICES: 2 to 3-foot, 28c; 3 to 4-foot, 38c, postpaid. Can furnish flowering peach in red and pink.

FLOWERING ALMOND: Of upright growth, very hardy, with lovely pink blooms. PRICES: 2 to 3-foot plants, 28c; 3 to 4-foot plants, 38c, postpaid.

WE PAY THE POSTAGE

BIRD OF PARADISE

BIRD OF PARADISE

Exquisite in every respect. Its blooms of beautiful golden yellow tinted with a bright red are, by far, the most beautiful bloom, as to color and type, produced in the field of flowers. It blooms from June until frost. Is a very fast grower. May be used in your background work, or as a single specimen. It is marvelous what effect can be produced with this gorgeous plant. Be sure to include this in your order. **PRICES:** Strong field grown plants, 3 to 4-ft., 35c each, postpaid.

JAPANESE BARBERRY: Fine for using in hedge work. May be sheared to any shape desired. Is filled with berries throughout the fall and winter. Foliage a bright green, changing to red in early fall. **PRICES:** 18 to 24-inch, 15c each; 2 to 3-foot plants, 19c each, postpaid.

CYDONIA JAPONICA: Commonly called Japan Quince or flowering Japonica. Tall, slow growing shrub. Early bloomer, produces brilliant scarlet red flowers in early May, when the plant is a red blaze of coloring. Suitable for most all soils. **PRICES:** Strong 2-year, field grown plants, 25c each, postpaid.

BEAUTY BUSH: A charming, new six-foot shrub from China with attractive leaves, the center upright, the outer branches gracefully arching. Flowers heavily in June, with bell shape blooms of pale pink with orange veins in the throat, the buds being very much darker. **PRICES:** 2-year plants, 1½-foot size, 28c each, postpaid.

PEARL BUSH: Blooms in abundance in mid-summer when most everything else has quit. Flowers of extremely large size, of pure white. **PRICES:** 2-foot size, 2-year plants, 25c each, postpaid.

ALTHEA ARDENS DBL. PURPLE: Of upright growth, blooming heavily in July, blooms of extremely large size, very double, of pure purple color. **PRICES:** 12 to 18-inch, 19c; 2 to 3-foot, 28c each, postpaid.

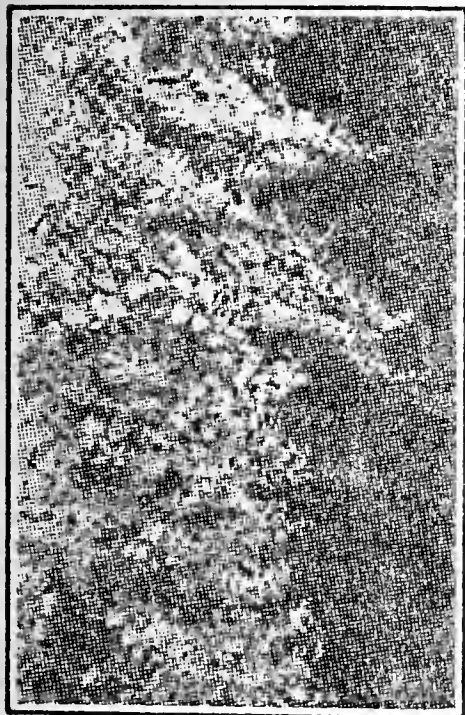

SWEET SUMAC: Quick grower, upright type. large cream flowers in June, followed by pods of red berries. **PRICES:** 2 to 3-foot, 19c; 3 to 4-foot, 30c each, postpaid.

PEACH TREES

The Peach is one of the surest crops in the Southern States. Almost all soils are well adapted for the raising of Peaches, and it is more at home in southern soils and under southern conditions than any other fruit. The Peach has been a profitable crop in the South from a commercial standpoint, as well as in the home orchard, and we strongly recommend the planting of Peaches in your orchards.

GRAPE VINES

We cannot put too much stress on the planting of grape vines in the South. A vine here, and one there and you will have all the fruit you want. As a commercial crop they have no equal, in our estimation, as you can always find a splendid market for good grapes. They will do well in most all kinds of soil and will stand planting

very close together. Why not cover your back fence with something that will make you money?

Varieties We Offer . . . Giving Short Description

CONCORD GRAPE: Bunch and berry large; blue black in color. Flesh juicy and very sweet. One of the best known and popular sorts.

CARMEN: Bunch, berry size, deep carmen red in color. The carmen is fine for eating, as it is very juicy and sweet. Is exceptionally fine for making grape jelly.

NIAGARA GRAPE: Berry large; white with rather tough skin. Fruit tender, sweet and juicy. The best variety of the whites.

MOORE'S (Mocre's Early) GRAPE: An early black grape, well adapted for Southern planting. Ripens about two weeks ahead of Concord and does well wherever planted.

SCUPPERNONG GRAPE: The best known of its family. Large bronze fruit, sweet pulpy flesh. Bears abundantly in clusters.

CAMPBELL'S EARLY GRAPE: Bunches medium to large, berries large, glossy black with a beautiful blue bloom. Pulp sweet and juicy.

ELLEN SCOTT GRAPE: A rich grape that is good everywhere and under all conditions. Vine vigorous, good bearer, fruit fine.

Prices on GRAPE VINES:

1 for	15c ea.
10 for	13c ea.
50 for	11c ea.
100 for	10c ea.

All Prices Quoted are Postage
Paid by Us

NOTE

Our grape vines are exceptionally fine this season. Strong tops with a splendid root system. Order at these low prices, as we have never offered such a bargain in grape vines.

GOOD ARRIVAL GUARANTEED

In making out your order for cherries be sure to order more than one variety, as you will find that in planting them together you will get a better yield, as the two varieties help pollination. Plant in groups so that the trees can shade each other.

E. RICHMOND—MONTMORENCY—CENTURY

ISCHIA—Medium size, light green in color, bears well.

PRICES ON FIG BUSHES:

Nice, large strong plants 19c each

Extra large specimen, bearing size 45c each

MARYANNA PLUM

We do not bud these trees, but grow them strictly from cuttings taken from the parent plants. We have never offered our customers this variety of plum before but, after watching it closely in our nurseries, we have decided to pass it on as a real variety. We have never found a better plum for preserving, for canning, or making plum jelly. The tree grows to a height of about

5 to 6 feet, is extremely branchy, and is a wonderful bearer. The fruit is yellow and of medium size. Be sure to add this to your order of fruit trees, and try them for yourself. You will be pleasantly surprised.

Prices on MARYANNA PLUM:

18-in. to 2-ft. tree 20c

2 to 3-ft. tree 25c

3 to 4-ft. tree 35c

STRAWBERRY

A quick money crop, that's what strawberries really are. Plant a nice crop, and the same season gather berries from them. Plant this spring, pick all summer—you'll get back many times what you paid for them. Loads of berries in all stages of ripening, that's what you'll find in a strawberry patch.

Missionary	Gandy	250 plants	2.20

PECANS—The Sure Investment

The planting of Pecan trees has long passed the experimental stage, and a commercial grove of pecans, once it starts bearing, will continue to produce nuts and pay dividends long after any other investment has passed into discard. The pecan tree is different to most other trees, in that, the older the tree, the larger the yield; hence, the greater profit. Properly handled, pecan trees will begin paying dividends in from 5 to 6 years after planting but, of course, a great deal depends on the care the tree receives the first few years after planting. It is a sure investment. Plant them for shade trees, and let them produce both beautiful shade and a crop of nuts.

SHADE TREES

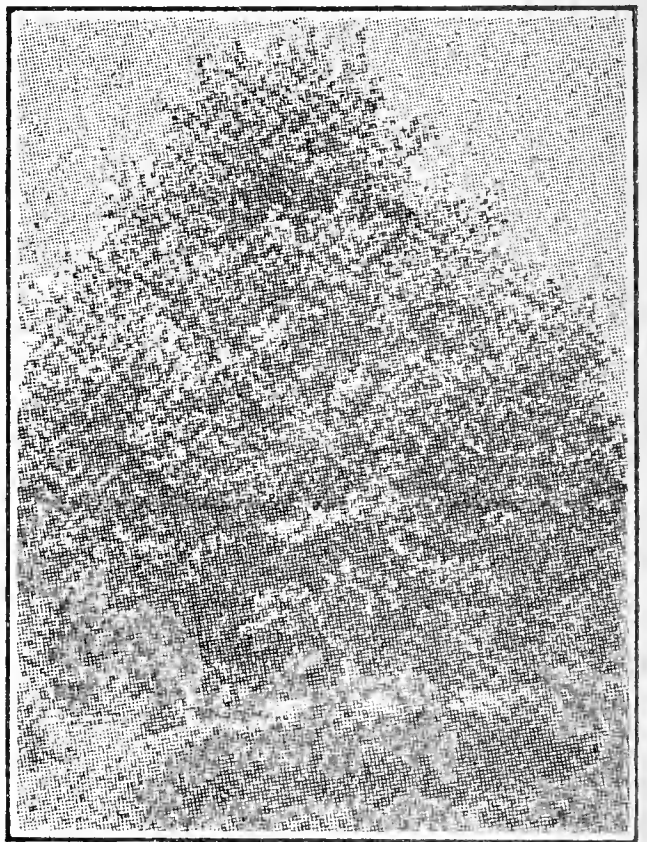

LOMBARDY POPLAR

LOMBARDY POPLAR: The most graceful of all the shade trees. Very tall, slender growing tree, reaching a height of about 25 feet. Foliage a very light shade of green, fast grower, very hardy. **PRICE:** 2 to 3-ft., 35c; 3 to 4-ft., 45c; 4 to 5-ft., 65c; 5 to 6-ft., 75c; 8 to 10-ft., \$1.25, postpaid.

TEXAS UMBRELLA: Tall, upright grower. It grows so fast you can almost see it. Large top resembles the shape of an umbrella. Extremely hardy in any climate.

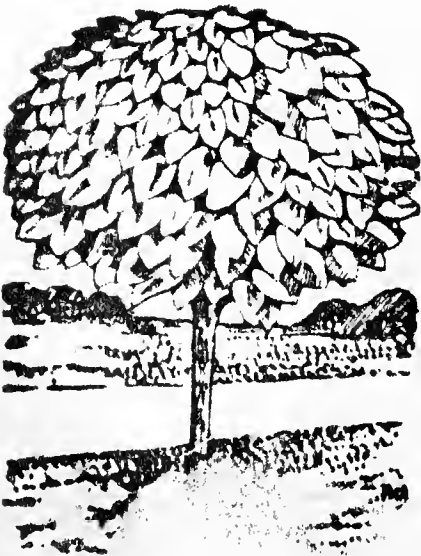

PRICES: 2 to 3-ft., 35c; 3 to 4-ft., 45c; 4 to 5-ft., 65c; 5 to 6-ft., 75c; 8 to 10-ft., \$1.25, postpaid.

SILVER MAPLE: Its low spreading branches, with highly colored silver foliage makes this one of the most attractive of all the shades. **PRICE:** 5 to 6 ft., 75c each.

SYCAMORE: A lofty, wide-spreading tree with immensely large, heart-shaped leaves. Valuable for its handsome foliage and free growth. It makes a fine street tree. **PRICES:** 2 to 3-ft., 35c; 3 to 4-ft., 45c; 4 to 5-ft., 65c; 5 to 6-ft., 75c; 8 to 10-ft., \$1.25, postpaid.

CAROLINA POPLAR: Another variety of poplar, only this one seems to be outstanding. Fast grower, branches from ground, upright type. The leaves on this variety are much larger, of a dark green on top, and silver colored under which, of course, make a very attractive appearance. **PRICES:** 2 to 3-ft., 35c; 3 to 4-ft., 45c; 4 to 5-ft., 65c; 5 to 6-ft., 75c; 8 to 10-ft., \$1.25, postpaid.

CHINESE LOMBARDY POPLAR: Resembles the Lombardy in type, being of upright growing habit, very tall and slender. The leaves are a light shade of green; however, the bark is a brilliant shade of carmen rose, which gives it an Oriental effect. Fast becoming the most popular variety. **PRICES:** 2 to 3-ft., 35c; 3 to 4-ft., 45c; 4 to 5-ft., 65c; 5 to 6-ft., 85c, postpaid.
